

**CS 4873 Computing, Society, and Professionalism (Spring 2020)**  
**Week 6 (Feb 10, 12, 2020) Section Guide**

0. TA will give out printed copies of the section handout (class activities) to each student

I. Questions (5 min)

- Remember each class to bring a question, observation or relevant news item for discussion

II. Term Paper Proposals (30-45 min; ~3-4 min per student)

- Each student will present their term paper proposal to section
  - What do you already know about this?
  - What are you interested in finding out about this?
  - TA and other students should ask hard questions
  - Things to consider:
    - How much is known about this?
      - Are there enough peer reviewed sources?
    - Is the topic too broad (common issue) or too narrow (less common)?

III. Privacy (15 min)

- Are you worried about your privacy?
- Is new technology threatening your privacy?
- What can we do about it as developers?
- What can we do about it as citizens?
- What do you wish policy makers would do?

IV. Work on Class Activity 1 on your own to arrive at an answer. Then discuss it with the classmate next to you. After that, present the views you together came up with to the rest of the section. TA to moderate the discussion. (15 min)
