

Class Activity -- (Balancing private right and public good): Enhanced 911 service allows cell phone companies to track the locations of active cell phone users within 100 meters.

- a. Who should have access to location information collected by cell phone companies?
- b. How long should this information be kept?
- c. If this information could be used to help you establish an alibi, would you want the cell phone company to be able to release it to the police?
- d. How would you feel about the company releasing comprising information about your whereabouts to the police?
- e. Should the police be able to get from the cell phone company the names of all subscribers using their phones close to a crime scene at the time of the crime?
